New website for Chronopassion

Laurent Picciotto of [Chronopassion in Paris](http://Chronopassion.in.Paris) was one of MB&F's very first 'Friends' and I am happy to say that he is not only an original Friend of MB&F, he is also a longtime personal friend as well - see ['The new Gerald Genta Gefica Safari brings back a few memories'](#) to learn just how far we go back.

*Discover, understand, Possess
Sometimes is what leads to a well stocked shop window.*

Moreover, throughout our web selection, I wished:

*To amaze you, and maybe to tempt you.
Emotion being THE word.*

Life Is Precious, Your watch Shows of it

LAURENT Picciotto

Laurent is truly passionate about watches, and that passion shines through in his new website www.Chronopassion.fr

When you click on any of the 'Machines' - now where did that moniker come from? :) - you can see and hear Laurent talking about the timepiece in a video at the bottom left of the window.

Please visit www.chronopassion.fr to see for yourself.
